THREE DESTROYERS ARE SUNK IN CLASH IN BRITISH CHANNEL

BRITISH AND GERMAN WARSHIPS
IN LIVELY NAVAL
BATTLE.

BRITISH DRIVE GERMANS OFF

Berlin Claims Success On Three
Fronts—French Claim Progress
In the West.

(Associated Press)

London, Oct. 27.—Official—British and German torpedo craft had a lively engagement in the English channel as the result of a German attempt to cross the channel. Two of the German destroyers were sunk and eight others engaged were driven off. One of the British destroyers is missing, another was disabled and driven aground and an empty transport was sunk. The crew of the transport and nine members of the crew of the missing transport were saved.

Berlin, Oct. 27.—Official—Field Marshal von Mackensen is making the most of his victory in Dobrudja, and is pressing the retreating Russians and Roumanians hard. He is said to have reached the district of Hirsovo.

The French yesterday attacked in the region east of Fort Douaumont, but were repulsed with heavy loss. On the Somme front German guns broke up the attack in preparation in the Fromers-Mazancourt—Chaulnes sector south of the river. On the south Roumanian boundary the von Falkenhayn forces are continuing to advance in the direction of Campulung and below Praelad.

In Volhynia and elsewhere on the Russian front Russian attacks have been repulsed. Notably one in the Kiselin sector west of Lutsk.

Paris, Oct. 27.—The French made further progress last night in the Verdun region advancing west and south of Fort Vaux, capturing hundreds of Germans, according to official announcements. The Germans are bombarding Chenois wood and Fort Douaumont.

Weather Interferes.
In the Somme region the French have destroyed a German munitions depot near Ablain Court. Bad weather is hindering operations on the Macdonian front.

Russians Retreating.

Petrograd, Oct. 27.—An official announcement says: "Although offering stubborn resistance in Dobrudja, the Russians and Roumanians are retreating along the north line between Hirsova and Casapkeul. The forces of the central powers and their allies are continuing their attack along the entire front in Dobrudja. Roumanians operating on the frontier at Moldavia have captured Balana and Pitroktul Heights.

Greece to Join Allies?

Athens, Oct. 25 (Delayed).—One of the leaders in the Greek pro-war party declared to an Associated Press correspondent: "Now that the irritations due to mutual distrust of one another by King Constantine and the entente ministers is out of the way, we can go on with the work of negotiating for Greece to join the allies as a nation and a people, not as individuals." The statement was made following a conference between representatives of the entente powers and Greece.

Total Prisoners Over 5,000.

The total number of prisoners captured up to the present has passed 5,000. To these should be added several hundred wounded picked up by the ambulances.

Say Douaumont Was Evacuated.

Berlin, Oct. 27.—Fort Douaumont, in the Verdun region, was evacuated by the German garrison prior to its capture by the French, says the official statement issued by the German army headquarters. Further French attacks against Fort Vaux and against German positions north of Fort Douaumont were repulsed by the Germans, the statement adds.

Russ Repulse Carpathian Attacks.

London, Oct. 27.—Heavy attacks by the Austro-German army of Archduke Charles Francis in the Carpathians have been repulsed by the Russians, according to an official statement received from Petrograd.

The German war office, in its statement, tells of a surprise attack by General Brusiloff in Volhynia west of Lutsk. The Russians attempted to stop the German lines without artillery preparation, but their attacks broke down before the German fire.

A stir has been caused among patriotic societies by a reported comparison by Secretary of War Baker of Mexican soldiers of today and those of Washington's army during the dark days of the Revolution at Valley Forge.

AMBOY SCHOOL VOTE CONTESTED IN COURT

INTERESTING AND IMPORTANT
CASE UP FOR HEARING
TODAY.

CONTESTS HIGH SCHOOL DISTRICT

A case of more than usual importance was taken up before Judge C. E. Heard in circuit court today when the petition of Michael D. Harvey of Amboy, attacking the legality of a township high school district in Amboy township, was called.

The case is the outgrowth of two elections in Amboy in each of which the proposition to establish the high school district carried. In the first election the women in the proposed district were allowed to vote. Later, acting under a ruling from the office of State Superintendent Blair, that women were not allowed to vote on similar questions, the promoters petitioned County Superintendent Miller to call another election, which he did. The women were not allowed to vote at this election, but the proposition carried, nevertheless.

Michael D. Harvey then petitioned the circuit court to have the elections set aside on the ground that the first election was never vacated and was illegal.

GUARDSMAN FLOGS MOTORMAN, FINED

Says Union Hatred of Uniform
Caused Attack.

Chicago, Oct. 27.—A fiery forensic combat was staged in the South Clark street police court in which trade unions versus the army, the status of a soldier among civilians and the question of a cavalry sergeant's privilege to attack a street car motorman with an iron weapon was debated hotly by Judge Beckwith, City Attorney Alexander Freundlich and Sergeant Frank W. Russo, First Illinois cavalry, national guard.

Judge Beckwith finally decided that trades unions had nothing to do with this case; that a soldier must necessarily take some insults from civilians; that he must refrain from using a club on others, and that a person so doing will be fined \$10 and costs.

Russo, who lives in Hillside, Ill., was on leave of absence from Fort Sheridan when he was arrested for attacking the motorman of a north-bound Taylor street car, at Canal and Polk streets, after, as he claimed, it did not stop and threw his wife to the pavement when she attempted to board it.

BABY WAS SMOTHERED UNDER HEAVY QUILT

TWO-YEAR-OLD SON OF MR. AND
MRS. ALFRED SMITH
IS DEAD.

MOTHER HEARD CHILD'S CRY

Found Babe's Head Covered—Other
Children In Bed Slept On
Undisturbed.

The two-year-old son of Mr. and Mrs. Alfred Smith, who reside five miles southwest of the city, was smothered to death while sleeping with two older children in an upstairs room last night.

Because of the presence of extra help in the family, which is a large one, it was necessary for the members of the family to sleep differently than formerly and accordingly the baby was placed between two older children.

Mother Heard Cry.

During the night the mother heard a cry, and with customary mother's anxiety got up and went up stairs. She found the two older children sleeping soundly, neither having been awakened by the baby's cry, which she, asleep in a room far removed from that occupied by the child, had heard.

Quilt Over Head.

The baby's head was covered with a heavy quilt, across which lay one of the other children's arms. The mother pushed the other child's arm from the cover, pulled the quilt back and took her baby up. It was then she found it was apparently unconscious.

Physician Called.

A Dixon physician was called, but before he arrived the little form had started to grow cold and it was realized it was dead.

Coroner Stephan was summoned and he went to the Smith home this afternoon to conduct an inquest.

Funeral services for the child, whose name was Alfred, will be held Saturday at 2 p. m. at the home with burial in Oakwood cemetery.

INDICTED ON CHARGE OF INTENT TO MURDER

GUY O'BRIEN, WHO WAS CAUGHT
NEAR LEE, HAS BEEN IN-
DICTED

WILL BE ARRAIGNED MONDAY

The Kendall county grand jury Thursday returned four indictments against Guy O'Brien, the young Lisbon farmer who last August shot his former sweetheart, Miss Ada Torkelson, 23 years old, and fled in his automobile. Miss Torkelson is a pretty blonde girl, the daughter of Mrs. Bertha Torkelson, a widow of wealth who lives near Newark.

O'Brien is charged in the indictments with assault with intent to commit murder. The jury voted the indictment after hearing the testimony of Miss Torkelson. She told the jurors how she was riding with her mother when O'Brien drove up in his automobile and shot her when she refused to get out of her carriage and get into his machine.

To Re-arrest O'Brien

It was announced this afternoon by State's Attorney Oliver Burkhardt of Kendall county that O'Brien, now at liberty under \$8,000 bonds, will be taken before Judge Slusser next Monday morning at Yorkville. Attorney N. J. Aldrich of Aurora will represent O'Brien and a plea of not guilty will in all probability be entered. The court will be asked by the state's attorney to increase O'Brien's bond from \$8,000 to \$12,000 pending the trial.

SOURCE OF NEWS OF BANDIT RAID IS KEPT SECRET

BAKER AND LANSING SAY CHANCE
IS TOO VALUABLE
FOR EXPOSURE.

POLITICS? OH CERTAINLY NOT

State Department Says Statement
Was Made That Mexicans Would
Know We Are Prepared.

(Associated Press)

Washington, Oct. 27.—State department officials refuse to disclose the source or specify the nature of information upon which Secretary of War Baker last night issued a statement charging that a bandit attack on American troops in Mexico or on the American border towns had been planned to discredit the American government.

They say the channel of information through which the message came is so valuable nothing will be given out that might injure its usefulness. Baker and Lansing both claimed the statement had not been made in the interest of politics. They said that the statement would have served its purpose if it serves notice on lawless people in Mexico that the United States is warned and is therefore prepared.

Secretary Lansing views the information as showing a dangerous situation along the border.

DISCREDIT WILLEHAD STORY

Treasury Officials Declare Alleged Un-
neutral Acts Impossible.

Washington, Oct. 27.—Treasury department officials discredited the story from London that the German steamer Willehad had acted as a telegraph station for German submarines. The officials said the strict espionage kept on such vessels as the Willehad made it impossible for her to have acted unneutrally in or even near American waters. Her wireless, it was stated, was sealed when she left Boston for New London, August 24, and is still sealed.

MRS. LADD SEEKS DIVORCE

Daughter of Henry Sherman Boutell
Charges "Infidelity."

Chicago, Oct. 27.—Mrs. Alice Gates Boutell-Ladd, daughter of Henry Sherman Boutell, minister to Switzerland under the Taft administration, began suit in the superior court to divorce John W. Brooks-Ladd, member of a prominent Boston family. Their marriage was one of Washington's most brilliant society events and President Taft and his cabinet were guests.

The bill charges Ladd with improprieties with "various women" since December 31, 1915.

STUDENTS' PARADE WAS GREATEST EVER

CLASSES OF THE DIXON SCHOOLS
GAVE FINE DEMONSTRATION
OF SCHOOL PRIDE.

PRELIMINARY TO BIG GAME

As Result Contest With the Sterling
Township High Drew Big
Crowd.

The students of the Dixon schools this afternoon gave the greatest demonstration of school spirit in the history of Dixon and their enthusiasm spread to the spectators who witnessed the pageant. As a result a record crowd is in attendance at the "big football game of the season at Athletic park—the game with Sterling high.

The classes of the two high schools vied with each other in preparations for the big parade, while the students of each school united in their efforts to outdo the other—but when the parade arrived at the park they were a united bunch determined to keep Sterling's "Goat," which was a feature of the parade.

Was Great Parade.

The parade formed at the corner of Ottawa avenue and River street at 2:30 o'clock. Lead by the Chamber of Commerce band the long line of students, most of them fantastically dressed, paraded the business streets. Scallawag bands, freak costumes, etc., furnished lots of fun for the marchers and spectators.

Practically every business establishment in the city closed from 3 to 5 o'clock to enable employees to attend the great game, and teachers in attendance at the Northern Illinois Teachers' Assn. convention were given a fine demonstration of a city's pride in its schools.

Big Dance Tonight.

The great day's festivities will close with a big dance at Kosbrook hall at 8:30 o'clock this evening. The dance is given by the Senior class of the Dixon high school and it will undoubtedly be very largely attended. The Marquette orchestra will furnish the music.

Heard won the golf championship of the Dixon Country club and with it the Brinton Cup Thursday afternoon by defeating Raymond McGowan 4 up and 2 to play in their 36-hole match at the club links, the match being the final of a very interesting elimination contest which was in progress for two weeks. The contestants in the final played consistent golf throughout and a large number of members witnessed their work. The accuracy test arranged for the afternoon for other members was postponed because of weather conditions.

New York, Oct. 27.—Shall a Mormon senator be invited to speak at a celebration in honor of Martin Luther? "Never!" thundered the Rev. C. J. Smith, pastor of the Holy Trinity church, at a dinner of the Lutheran society at the Aldine club. Mr. Smith has espied the name of Senator Reed Smith, of Utah, on the list of orators it was proposed to invite to the Lutheran quadricentennial anniversary next year. No action was taken on his protest.

WISCONSIN STIRRED OVER HYPHEN ISSUE

Archbishop Messmer Warns
Priests to Eschew Politics.

Milwaukee, Oct. 27.—Catholic clergymen of Wisconsin must wash their hands of all things political on pain of having their ecclesiastical faculties withdrawn.

A warning to this effect issued by Archbishop S. G. Messmer, comes on the heels of the American Independence conference's attempt to line up the German Protestant and German Catholic pastors of the state in behalf of Charles Evans Hughes, the Republican nominee.

Wisconsin church circles are all agog as a result of the two day political session for clergymen. Newspaper stories of how the ministers of the gospel made a rush for the conference cashier when it was announced by Treasurer G. H. Jacobson that all expenses of those attending would be paid, has caused much indignation and more than one preaching will have to do some explaining.

The two meetings are said to have cost the Independence conference over \$2,000.

ANOTHER REPUBLICAN

There is joy among the republicans over the announcement that Tom Young has mended his political ways. It is said a picture of Hughes supplanted one of Wilson in his widow.

OVER THOUSAND TEACHERS ATTEND CONVENTION HERE

ANNUAL INSTITUTE OF NORTH-
WESTERN ILL. ASSN. PROVING
A BIG SUCCESS.

PUBLIC INVITED TO HELP

Inspiring Addresses Feature Open
Session at M. E. Church—
Ends Tomorrow.

At noon today over a thousand teachers and school officials of northwestern Illinois had registered at the secretary's office of the Western Division of the Northern Illinois Teachers' Assn. which is in institute in this city.

The session opened most auspiciously with a grand meeting at the M. E. church last evening, and this forenoon at 8:45 o'clock another meeting was held there, the church being filled to capacity. Three sparkling addresses featured this morning's meeting, the program for which was:

Music—Union High School Glee Club.

Address—"Why Boys and Girls Go Wrong," Dr. Allan Hoben, Dept. of Practical Theology, University of Chicago.

Vocal solo.

Address—"The Nature and Ministry of Fiction," Dr. H. W. Shyrook, President of Southern State Normal, Carbondale, Ill.

Address—"Children's Books and the Love of Reading," Miss Annetta Carroll Moore, Supervisor of Work With Children, New York Public Library.

Section Meetings.

Following the big mass meeting, the sectional work was taken up at the Dixon high school building and each one of the sections was crowded to capacity, while the work of the various instructors is reported to have been first class in every particular.

This evening another big meeting to which the public is invited, will be held at the Methodist church, the following program to begin at 7:30 o'clock:

Music—North Side School Orchestra. The N. E. A.—R. P. Shoop, Joliet.

Address—"Some Perils By the Way," Dr. H. W. Shyrook, Carbondale.

Address—"Biology and Boy Nature," Dr. Allan Hoben, (U. of C.)

Another public meeting will be held in the church tomorrow at 8:30 a. m. the program being:

Music

Business—Reports of Committees, Election of Officers.

Address—"The Teacher's Point of View," State Supt. F. G. Blair

Address—"Our Resolutions and Legislative Program," R. C. Moore, (Sec. State Teachers' Assn.)

Opening Session.

At 7:30 last night the session of the association was officially opened at the Methodist church, Dr. Nathan Schaeffer of Harrisburg, Pa., State Superintendent of Public Instruction of Pennsylvania, delivering the address of the evening.

The building was well filled, many parents in addition to the teachers taking advantage of the opportunity to hear Dr. Schaeffer. Music by the High School Glee club, led by Mrs. Muriel Phelps, preluded the meeting. Rev. E. C. Lumsden invoked blessing upon the assemblage.

Supt. L. A. Reinsner of Belvidere delivered the address of welcome to the teachers and outlined the plans and policies of the association, and in a few well chosen words introduced Dr. Schaeffer.

Dr. Schaeffer is one of the leading educators of the east and in his strong address, entitled "Work and Play in Education," said in brief:

We Must Work.

"The character of the so-called civilized man is such that he must work and that he finds pleasure in working. He is never quite satisfied unless he is working.

For example, during a strike or a panic, men taken from their work become dissatisfied and often, although peaceably inclined, resort to violence.

On the other hand, the savage displays Tom likes work and will not work. He may have his squaw, but he will do nothing but work.

Kingdom-Bend Aid

The Kingdom-Bend Aid Society, 253 2 in spite of the unfavorable attitude

of the weather to all gatherings, registered thirty members and friends at a meeting held Wednesday at the home of Mrs. S. W. Miller of the Daysville road. The ladies were busy as could be most of the day through hemming napkins and tying comforters for the hostess, but of course, time was taken to enjoy the usual sumptuous scramble dinner. After the dinner a very enjoyable diversion was made by the appearance of a Republican suffragette, who, it is needless to say, secured pledges from most of those present that they would vote the Republican ticket. A business meeting followed and plans were made for a supper and bazaar to be held at one of the centrally located homes in the near future. A half-hour social chat closed a very pleasant and profitable day for the members who enjoyed Mrs. Miller's charming hospitality. The next meeting will be held with Mrs. Unger Wolf of the Kingdom on November 8th.

The next meeting will be held on November 8th, with Mrs. Glenn Swartz.

A GOLD BRICK FOR LABOR.

Until the Adamson law was enacted, the United States government never interfered with the individual and collective rights of laboring men to bargain with their employers in the fixing of wages.

Although the government fixed railroad freight rates, it did not fix wages. It stood aloof, and the workmen were able to have a hand in the fixing of their own wages, by friendly conference with their employers.

The Adamson law takes away to a great extent the right of working men to share in fixing their own wages. The law fixes the wages of a large proportion of railroad workers. They can work at this wage or they can quit, but they cannot change the law. They cannot even have the matter referred to arbitration.

The only authority that can change the Adamson law is congress. If the laboring men cannot sway congress, they cannot have the law changed.

The heads of the railroad brotherhoods did not want congress to fix the wages. They saw the danger of such a tendency. They perceived that it meant the destruction of the keynote of unionism—the right of collective bargaining.

For a temporary advantage the law was passed. The men's wages are increased. But they do not profit in the long run, for their right to participate in the making of wages has been taken away.

If the members of the brotherhoods want increased wages in the future they will always be faced with the fatal precedent of the Adamson law. It will rise up to plague them for years to come.

The brotherhoods no longer have any strength in dealing with the railroad managers. The railroads are protected by law against any demands from the brotherhoods.

If the brotherhoods hereafter want any change in wages or labor conditions, the railroads will say: "Go to Wilson; go to congress; get the law changed if you can. You refused arbitration once; now we refuse to arbitrate. We are no longer compelled to deal with you as a labor union. We deal with you as individuals. If you do not like it, let congress change the law."

That is the predicament of the railroad brotherhoods. Other labor unions are not so directly interested, but all are injured because the cause of collective bargaining has been given a body blow. The cause of arbitration has been set back.

The more any member of a labor union studies the Adamson law, the more clearly he will see that it is a gold brick for labor.

WHO WANTED WAR?

Mr. Wilson puts up the claim that he kept us out of war. But it takes two to make a fight and not even one wanted to fight, so how did he keep us out of war? Who could he have gotten into a war with? Surely he doesn't mean Mexico, for he had a couple of wars with Mexico and there were more American citizens killed by the Mexicans than were killed during the Spanish-American war. Presumably he meant Germany or England, or France or Italy, or some European nation. Every one of those nations is locked in a death struggle with another nation. Every fighting man, every cent of cash and credit, every ounce of energy is being used in that struggle for existence and all are needed. What nation over there could be induced to add a war with the United States to its other troubles? The claim of Mr. Wilson is absurd. It is nothing more or less than a "gallery play" on the sentiment of gullible Americans. He knows we did not want war and he knows that the women of the country would be grief-stricken if her men-folks had to go to war. So he plays a very sad and touching tune on the heart-strings of the wives and mothers of the land.

Why does not Mr. Wilson back up his administration of affairs by telling us something he really did do? Why does he not explain why thirty thousand "deserving democrats" were given brand new jobs, manufactured jobs, in spite of the promise of economy and efficiency? Why doesn't Mr. Wilson tell us what a fine law the Underwood tariff is? (Perhaps because it isn't).

We have had a large number of presidents who kept us out of war. But this is the first time one of them ever made a campaign issue of it.

HE CHANGED THE TAX RATE.

Governor Dunne told us all that the republican state administration that preceded him was wofully, oh, frightfully extravagant. He would remedy that, he said. He said that our taxes were high in this state. He would change all that if he were elected. Well, he was elected, and he did change it. He made the taxes two or three times as high, as any of you can verify if you will get out your last six tax receipts, three under Governor Dunne and the last three of the Deeneen administration. We have only had two democratic administrations in this state, and two is plenty for all time. On the seventh day of November Frank O. Lowden of Oregon will be elected Governor of Illinois by the biggest majority ever received by a candidate for governor in this state, and he will make, in our opinion, the best governor Illinois ever had.

HAY FEVER VICTIMS

Cincinnati, Ohio, Oct. 27.—A National Campaign against sneeze producers was described by Dr. William Scheppgrell, President of the American Hay-Fever-Prevention Association today.

Dr. Scheppgrell said one per cent of the population of the United States suffers from hay-fever. To relieve their annual period of sneezing Dr. Scheppgrell's Association is engaged in a nation-wide publicity and educational campaign on the relationship of pollen to hay-fever and for the passage of laws for the eradication of weeds that cause the disease.

"Education in the relationship of pollens to hay-fever has made the most satisfactory progress during the past year," said Dr. Scheppgrell. "The public was first impressed with the fact that the principal cause of hay-fever in the United States, were the rag weeds, whose pollen during the months of August and September filled the atmosphere with their irritating pollens, and that these, as well as most of the other plants which cause hay-fever, had already been outlawed by the agricultural interests."

Chicago, Ill., San Francisco, New Haven, Conn., Jacksonville, Fla., Omaha, Neb., Charleston, S. C., Salt Lake City, Utah, Ogden, Utah, Huntington, W. Va., and Maplewood, N. J., have passed ordinances for the eradication of hay-fever weeds.

Dr. Scheppgrell's Association employs inspectors to assist the local authorities in the discovery and prosecution of the violators of the grass and weed ordinances.

"It is important, however, in preparing such ordinances that the requirements should not be too drastic," said Dr. Scheppgrell. "In a prominent city, for instance, there is at present an ordinance requiring the grass to be kept below four inches, the results of which is continual legal opposition to its enforcement. We have made the limit twelve inches, which is sufficient to prevent the pollination of most hay-fever weeds and is easily enforced."

GIRLS! THICKEN AND BEAUTIFY YOUR HAIR AND STOP DANDRUFF

Try this—Your hair gets wavy, glossy and abundant at Once

To be possessed of a head of heavy, beautiful hair; soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderine.

It is easy and inexpensive to have nice, soft hair and lots of it. Just get a bottle of Knowlton's Danderine now—all drug stores recommend it—apply a little as directed and with in ten minutes there will be an appearance of abundance, freshness, fluffiness and an incomparable gloss and lustre, and try as you will you can not find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first—yes—but really new hair—sprouting out all over your scalp—Danderine is, we believe, the only sure hair grower, destroyer of dandruff and cure for itchy scalp and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits every one who tries this.

With Dr. Bachus On Pacific

Regulations are very strict by the police since an attempted mutiny a year ago, furthered, it is said, by German money, its success being doomed by a misunderstanding as to the time for the outbreak. The leaders escaped to Sumatra but some received long prison sentences. Several Jap torpedo boat destroyers are here on duty while the British are engaged in active war.

We hear details of the South African rebellion from a Dutchman who witnessed it and now gives credit to the universal training system for saving the colony to Britain. Much bitter feeling was the result of the two factions of Dutch Boers vs. loyal Boers and British are still at loggerheads.

Everywhere I find much interest in the coming election in the U. S. A. and a great deal of inquiry of Mr. Hughes and generally they ask: "But why didn't you nominate your best man, Mr. Roosevelt?" Little seems to be known abroad of Mr. Hughes.

The Suwa ships a heavy cargo of crude rattan or cane here after relieving herself of much Japanese brewed beer, for which she is becoming noted. Incidentally we had an exhibition by a Japanese naval commander two days out of Singapore who became boiling drunk on the captain's liquor and who, it seems, could not well be ironed because of his standing. He raised a rough-house without interference until his own sweet will terminated the spree. "East is east and west is west."

Successful Recital

The success of the recital given Thursday evening at the Grace Evangelical Church by Miss Rilla Webster, reader and impersonator, and Miss Vivian Graves, soloist, assisted by little Miss Helen Corbin on the piano, was entirely unmistakable and the Pansy class of the Sunday School under whose auspices the recital was given are congratulating themselves that not only has the pledge towards the remodeling of the church been paid, but they have money in the treasury. Nearly forty dollars was taken in and the expenses were not great. The church was crowded to the doors and the Sunday school room was opened for the benefit of some. From the very first the audience were with the performers and a recital of great merit was given.

Miss Webster was never better and in her readings gave great expression. Among those which the audience seemed to particularly favor were: "The Whistling Regiment," with Mr. Leydig, the accompanist of the evening, playing as Miss Webster spoke: "I Was a Stranger;" and "Misunderstood;" and for comedy, "The Way with Hanner."

Miss Graves was in excellent voice and in "Dreamy Days," "I Love You Truly," and "Tatters" her rich contralto voice had ample scope for expression. Mr. Leydig was always a sympathetic accompanist.

Little Miss Corbin came in for a large share of the applause in the piano numbers which exhibited splendid technique and much musical feeling.

Supt. R. Grigsby, Principal Linsche, and the Misses Vera and Florence Stone, Miss Ross, and Miss Meltsner of the Walnut schools are here in attendance at the teachers' meeting.

box well padlocked and an ancient and honorable carpet bag. His dignity was great and it was worth while indeed to see and hear him "boss" the following.

Being desirous of a sight of real producing rubber trees a ride is arranged to the botanical gardens by auto which proved a delightful trip through Orchard road, past fruiting, coconut palms and banana trees, past long rows of pale blue stucco houses and nipa huts. The Portuguese were the original settlers here and the architecture is very different from the Spanish and Manila, but is not unattractive. The garden is a marvelous display of tropical plants and palms. Beautiful water lilies, magnificent canas, Cape Myrtle, etc., are in bloom and we are said to be lucky to have arrived during the season for the mangosteen of which we certainly ate our fill. They are agreed by all to be the most delicious of all the new fruits we have met, being extremely delicate in flavor and satisfying in every way.

Many London passengers came on board here, mostly soldiers and their families, while several Malay gentlemen also boarded, garbed in most magnificent blue and scarlet skirts with plush fez and a "swank" air, as the English say.

At Malacca we lie four miles in the stream and take on an immense amount of para rubber packed in square 225 pound boxes, bound in tin, for which metal this Straits settlement is also noted. Our captain says we assume 350 tons here and it is all rubber. Very valuable and desirable in London at this time. And wouldn't our German friends delight to send it to the bottom.

By the way, I have been shown a photo of the medal struck in Germany in commemoration of the sinking of the Lusitania. These medals were struck before the sinking of the ship and were dated the first, while as a matter of fact delay caused the actual atrocity to be committed on the seventh. On one side is depicted a skeleton (American, I presume) purchasing a ticket for the Lusitania, while the reverse carries the lettering, "The Englishman owning the photo now lives in South Africa but he and a brother lived in Germany many years before the war, becoming much attached to the country and people. The brother, however, fought in Flanders, was wounded by a ball through the stomach and lay in "No Man's Land" three days and nights. While there in that pitiful condition he witnessed the brutal clubbing to death of many wounded companions and only saved his own life by feigning death, remaining absolutely quiet though suffering intensely. Eventually escaping with his life, he will remain an invalid, while his quietly expressed bitterness toward his old associates is indeed intense. However, in discussing the war it is very noticeable how very fair-minded the British are. Rancor and prejudice is suppressed and invariably they try to ascertain what influence could lead to the policy of Germany which, to their minds has been one to cause hatred from neutral and foe without gain to themselves.

WIFE TOO ILL TO WORK

IN BED MOST OF TIME

Her Health Restored by Lydia E. Pinkham's Vegetable Compound.

Indianapolis, Indiana. — "My health was so poor and my constitution so run down that I could not work. I was thin, pale and weak, weighed but 100 pounds and was in bed most of the time. I began taking Lydia E. Pinkham's Vegetable Compound and five months later I weighed 133 pounds. I do all the housework and washing for eleven and I can truthfully say Lydia E. Pinkham's Vegetable Compound has been a godsend to me for I would have been in my grave today but for it. I would tell all women suffering as I was to try your valuable remedy." — Mrs. WM. GREEN, 332 S. Addison Street, Indianapolis, Indiana.

There is hardly a neighborhood in this country, wherein some woman has not found health by using this good old-fashioned root and herb remedy.

If there is anything about which you would like special advice, write to the Lydia E. Pinkham Medicine Co., Lynn, Mass.

Dramatic Notes

PRINCESS THEATRE

The Princess tonight shows a remarkable picture, "A Flaw in the Evidence," one of the most intensely gripping features pictured in a long time, and everyone should see it. Harris Gordon is the star. To offset the dramatic quality of the first picture a real comedy is provided in "Doctoring a Leak," in which Rube Miller plays the lead. A splendid balance to the program is "The Reel Life," a wonderful scenic and educational picture.

DIXON OPERA HOUSE

It is not often that every dramatic critic in New York and Chicago is a unit in praising a farce production to the skies. But such is the case with "A Pair of Queens," the comedy by Otto Hauerbach, Seymour Brown and Harry Lewis, which ran so long on Broadway and which broke all attendance records during a run of twenty weeks and over at the Cort theatre, Chicago. But it is not to be wondered that the success of "A Pair of Queens" was so emphatic when one considers that Otto Hauerbach, co-author of the play, is the same playwright who gave us Madame Sherry, Three Twins, High Jinks, Katina and other big hits of the past few years. In "A Pair of Queens" we have a story that appeals to every degree of playgoer from the blasé person who sees everything to the tired business man. There is a laugh in every line, and each of the dozen or more characters is drawn with a view to extracting every ounce of laughter in the human system. At the Opera House Tuesday night, Oct. 31.

"Are your children much of a help and comfort?"
"Yes, indeed, I can always depend on them to tell me where the best moving pictures are to be found."

BREAKS A COLD IN FEW HOURS-TRY IT!

First dose of Pape's Cold Compound removes all gripe misery.

Don't stay stuffed-up. Quit blowing and snuffing. A dose of "Pape's Cold Compound" taken every two hours until three doses are taken will end gripe misery and break up a severe cold either in the head, chest, body or limbs.

It promptly opens clogged-up nostrils and air passages; stops nasty discharge or nose running; relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only 25 cents at drug stores. It acts without assistance, tastes nice, and causes no inconvenience. Don't accept a substitute.

FRENCH AND SERBS WIN

Former Takes Two Villages, Latter Fortified Height, in Macedonia.

Paris, Oct. 27.—Announcement by General Sarraill, commanding the army of the entente allies in Macedonia, of the occupation of two more villages reveals the extension of the allied line into Albania where a junction had been established with the Italians operating from Avlona. The villages taken are Golobrd and Laisitsa. The latter hamlet is on the boundary between Greece and Albania. The French have also taken the bridge at Svesda in Albania.

"Serbian troops seized the fortified height at the junction of the Carna and Strosnitsa rivers," General Sarraill reports, "taking 108 prisoners."

The Serbian army headquarters statement puts the number of prisoners at 400. The Bulgarian war office, under Wednesday's date, reports the situation unchanged on the Macedonian front.

Rev. G. W. Stoddard will return his evening from Pekin where he conducted a funeral service.

HUMANITY OR WAR FOR U. S., WILSON

President Talks to Four Audiences at Cincinnati.

Cincinnati, O., Oct. 27.—President Wilson, in four speeches declared for a "society of nations" that will fight anything contrary to the interests of humanity. He asserted that unless America leads in such a movement she will not be able to keep out of the next war.

"A great many people are complaining that we are not fighting for something," he said. "They declare we haven't the spirit of other countries in getting behind investors."

"Just so certain as you do that, you join the chaos of competing and hostile ambitions."

The President and Mrs. Wilson were accorded a most hospitable welcome by the people of Cincinnati, but at no time was there a marked demonstration of political enthusiasm. During the ride about the city the procession passed through one of the sections inhabited entirely by Germans. There was a great outpouring of the population but no cheering.

The nearest Mr. Wilson got to a discussion of hyphenism was when he called for unity of American spirit "to do the things that are American." He told the audiences that he was not a stranger in these parts as several years of his boyhood had been spent in Ohio when his father was pastor of a Presbyterian congregation at Steubenville.

'CASCARETS' BEST IF HEADACHY, BILIOUS, SICK, CONSTIPATED

Best for liver and bowels, bad breath, bad colds, sour stomach.

Get a 10-cent box. Sick headache, biliousness, coated tongue, head and nose clogged with a cold—always trace this to torpid liver; delayed, fermenting food in the bowels or sour gassy stomach.

Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means your head clear, stomach sweet, breath right, complexion rosy and your liver and bowels regular for months.

ROOSEVELT HAS BIG OVATION IN CHICAGO

Tells Crowd He Would Have Seized German Ships.

Chicago, Oct. 27.—In reply to heckling directed at him while he was addressing a vast gathering in the International Amphitheater at the Stock Yards, Colonel Theodore Roosevelt made this declaration:

"The minute the Falaba or Gulfight was sunk I would have put a marine guard on every interned German ship. And then I would have said to Germany that we would discuss not how much Germany would give to us, but how much we would give back to Germany."

Out to meet the labor vote in its own backyard on the Adamson law issue, the Colonel was the center of the most remarkable demonstration ever seen outside of a national convention.

For thirty-four minutes 18,000 persons in the International Amphitheater at the stock yards howled, sang and waved flags while the Colonel, enjoying every moment of the tumult, grinned and waved a flag, sang, sat down and stood up again, and suggested tunes for the band.

W. H. Edwards was an east-bound passenger Thursday morning.

THAT BACKACHE SPELLS DANGER

Action Today May Save Dixon People Future Misery

A bad back isn't a bad thing if it serves as a warning of hidden kidney disorders. Kidney diseases are frightfully common today. We overdo too much. We don't give the kidneys a chance to rest up, and while a bad back, some urinary disorder or an occasional dizzy spell or a persistent headache may be the only outward sign, the kidney trouble that is behind it all may be overlooked or neglected. Put your signs to use. Take them as warnings. Fight off kidney weakness. It takes only a slight kidney disorder to start a case of fatal Bright's disease, from which 100,000 people in the United States every year promptly treatment at first—that's all that's necessary to keep kidney weakness from turning into gravel, dropsy, gout, heart trouble or Bright's. Use Doan's Kidney Pills—the oldest the most widely used, best recommended Kidney Pills. Try them and Americans recommend them publicly. Here's one Dixon case:

Mrs. J. Carley, 511 Spruce street Dixon, says: "My back was so sore that I couldn't walk erect and morning it was hard for me to get out of bed. Various medicines didn't benefit me and when a friend recommended Doan's Kidney Pills, I got some at Leake Bros. Co's Drug store. After taking two boxes, my back was strengthened and I felt better."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Carley had. Foster-Milburn Co., Props., Buffalo, N. Y.

MANY TEACHERS' ATTEND CONVENTION

(Continued from Page 1)

self. He prefers to play, to engage in sports, games, in the excitement of the chase, or win glory in battle with his enemies.

The school boy is like the savage in many characteristics. He, too does not want to work, but would rather be out in the ball lot with his mates. If the boy is to be trained for the duties of citizenship, he must be trained at the school to work and find pleasure in working. He must be led to form the habit of working, and to stick to his work, even if it is irksome.

Viewed Differently.

"Work may be viewed in different aspects. First, the products of work as that which brings the price in the labor markets. The products displayed on the walls of the school are so fine sometimes as to be bad work. It involves a useless expenditure of energy and time on the part of a teacher and the scholar.

In the next place the study of the reflex action on the worker. Does school work drive the child to a point of fatigue? Does it make the school the place to which the child best likes to go? These and a thousand other questions spring up when you study the reflex impressions of work of the children at their seats or in the home.

Should Be Happy.

Children have a right to be happy in school. But how can they be happy if the teacher is not happy in her work? How can the teacher be happy if she is over-worked, ill-paid or prepared for her work or perpetually annoyed by reports and examinations? Hence, it is the duty of the superintendent to make the teacher happy in the school room. For it is only under these conditions that the pupil can do his best work.

A committee of club women visited a superintendent in a large eastern city. Now I know of no club that is more efficient than a woman's club in bringing a superintendent, a school board or a legislature to time. This committee laid a complaint before the superintendent, declaring conditions were crowded and the students were breaking down from the high pressure of work.

The chairman cited as example her own son, saying he could not sleep at night because he was overtaxed in school. Now the superintendent recalled that the boy's teacher had a harsh, sharp voice and that the pupils in her room were restless and ill at ease and longed for a time when the school was dismissed at the close of the day.

Accordingly he transferred the lad to a room where the teacher had a pleasant voice and who always said please to her scholars. This teacher made the children love the school and their work. Under her care the boy made rapid progress and did more work than he had ever done before. But she saw to it that the little fellow slept soundly at night and she made the school room the place where he best loved to go.

What is the secret of the teacher's happiness? It consists in service—doing something for some one else. Where in the world is a better chance to render such service than in the schools? There the teacher is in constant contact with a score or more of young lives during the most plastic period of their lives.

The Master Teacher.

The greatest man of all ages was a teacher. He worked at a carpenter's bench, but no one ever called him a great carpenter. He expounded the law, but men do not call him a great lawyer. He healed the lame, the sick and made the blind see, but he was not considered a physician. He sat and taught and down through the ages, whenever a man has mentioned him they have called him the Master Teacher, Jesus of Nazareth. It is my wish and prayer that during the coming year you will find supreme happiness and walk in the footsteps of the Great Teacher.

Following a policy started two years ago we are still further dividing our land into smaller farms of from 60 to 300 acres each, and renting them on shares. On some we furnish the cows, on others the tenant is expected to buy a half interest in the cows. On all farms nothing but pure bred, registered Holsteins are kept and in all cases the tenant furnishes the horses and farm machinery.

These are fertile corn and alfalfa farms, present splendid opportunities for capable dairy farmers who have from \$800 to \$6000 of capital. For further information address WOOD-LAWN FARM, Sterling, Ill. 250 6
